

ROBERTS CASE.

Committee Will Present Majority Report in a Few Days.

IT FAVORS HIS EXCLUSION

On the Ground of Having Contracted Two Polygamous Marriages and Living in a State of Polygamy—A Minority Report Will Also Be Presented.

WASHINGTON, Jan. 17.—The special committee of the house of representatives to investigate the case of Brigham H. Roberts, of Utah, today reached a final conclusion. On the polygamous status of Mr. Roberts the committee was unanimous and agreed upon a formal statement of facts. On the question of procedure to be adopted the committee was divided. The majority consisting of all the members except Littlefield, of Maine, and De Armond, of Missouri, favored exclusion at the outset. Messrs. Littlefield and De Armond will make a minority report favorable to seating Roberts on his prima facie rights and then expelling him.

The statement of facts found by the committee is as follows:

"We find that B. H. Roberts was elected as a representative to the Fifty-sixth Congress from the state of Utah and was at the date of his election above the age of twenty-five years; that he had been for more than seven years a naturalized citizen of the United States and was an inhabitant of the state of Utah.

"We further find that about 1878 he married Louisa Smith, his first and lawful wife, with whom he has ever since lived with, and who, since their marriage, has borne him six children.

"That about 1885 he married as his plural wife Celia Dibble, with whom he has since lived as such, and who, since such marriage, has borne him six children, of whom the last were twins, born August 11, 1897.

"That some years after his said marriage to Celia Dibble he contracted another plural marriage with Margaret C. Shipp, with whom he has ever since lived in the habit and repute of marriage. Your committee is unable to fix the exact date of this marriage. It does not appear that he held her out as his wife before January, 1897, or that before that date she held him out as her husband, or that before that date they were reputed to be husband and wife.

"That these facts were generally known in Utah, publicly charged against him during his campaign for election and were not denied by him.

"That the testimony bearing on these facts was taken in the presence of Mr. Roberts, and that he fully cross-examined the witnesses, but declined to place himself on the witness stand."

The culminating session of the committee to-day followed many prolonged executive sessions which left no doubt as to the attitude of the several members with the exception of Mr. Meirs, of Indiana, who has been out of the city. He returned to-day and it was determined to bring the matter to a direct issue. Accordingly, when the committee met, Mr. McPherson, of Iowa, offered a resolution for the exclusion of Roberts.

Mr. De Armond immediately proposed a substitute, recognizing the constitutional rights of Roberts to take his seat on his credentials and providing for his exclusion.

There was no discussion beyond informal remarks, and the vote was first taken on Mr. De Armond's substitute, Mr. Littlefield joining him in the affirmative and the others voting in opposition. The vote was then taken on Mr. McPherson's motion to exclude, resulting as follows:

Yeas—Tayler, (Ohio); Freer, Morris and McPherson, Republicans.

Nays—Littlefield, Republican; De Armond, Democrat.

Chairman Taylor was authorized to prepare the majority report. It will be ready in a few days and the prospects are that the subject will be brought before the house early next week. Mr. De Armond will submit the views of the minority. He will include the exhaustive review of the law covering about seventy typewritten pages prepared by Mr. Littlefield. The main point of this is that the house cannot act to the requirements provided by the constitution for admission to the house and that the

Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood. The little one was unequal to the struggle, and its life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no medicine could express my feelings of woe during those long years. I had the best medical treatment, several physicians successively treated me, but all to no purpose. The misery and pain seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by Dr. Williams' Pink Pills. We got two bottles, and I felt like a new man again. I improved from the start, and a complete and perfect cure was the result. S. S. S. is the only blood remedy which reaches desperate cases.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

only constitutional remedy is to admit and then expel on the finding of facts. Chairman Taylor says the report of the committee will be made on Saturday and the subject will be taken up in the house next Tuesday.

In the afternoon a well-known Cleveland, Lorain & Wheeling, brackman went to a Bank street grocery to purchase a few articles without the cash. As he was already indebted to the proprietor of the grocery, he was refused credit by the clerk. Nothing more was said at the time, but as the clerk was going out the Cleveland, Lorain & Wheeling tracks to his home, he was hailed by the same man, who began using profane language and calling the innocent boy all kinds of names and finally struck at him with his fist. The boy dodged the blow and picked up a stone and threw at the man, hitting him in the head. In a fit of anger the man pulled a revolver from his pocket, but when the time came to shoot his nerve failed him. A warrant will probably be sworn out by the father of the boy.

NONE SO POPULAR.

It is Daily Gaining Favor in Wheeling.

Results Reported From People Who Have Given a Fair Trial to the Remedy.

Morrow's Kid-ne-olds, the scientific kidney remedy and backache cure, is daily gaining favor in Wheeling. No medicine has ever been sold in Wheeling for kidney ailments, backache, nervousness, sleeplessness and general debility, that has gained such popular favor as Morrow's Kid-ne-olds. All druggists report most excellent results from people who have used Kid-ne-olds, and say: "I will recommend them."

We give you the experience of Mr. John Snider, who lives at No. 2634 Chapline street, and says: "I was troubled with severe aching pains across the small of my back for some time, and was generally run down; I had no life or ambition, felt listless all the time and had no appetite. I read where Morrow's Kid-ne-olds would cure such cases, and would build up the system generally, and as all druggists guaranteed them to do just as recommended or refund the money, I obtained some and took them according to directions, and they cured me entirely in a very short time."

Now if Morrow's Kid-ne-olds will do so much for Mr. Snider, why not try it for yourself if annoyed with nervousness, sleeplessness and any form of kidney disorders? Kid-ne-olds cost only fifty cents per box, and save many bodily aches and pains. They are not pills, but Yellow Tablets, which is the most scientific form of preparing medicine. Kid-ne-olds are put up in wooden boxes, which contain enough for about two weeks' treatment, and can be procured at all drug stores.
